

# SENATOR WOLCOTT GIVES THE KEYNOTE ADDRESS

## Enthusiasm and Harmony at Philadelphia Republican Convention.

### LOOKS LIKE LONG OR ROOSEVELT TODAY

Persistent Declination of the Rough Rider Having Its Effect—Long and Dilliver Booms Picking up in Consequence—Opening Proceedings of the Republican National Convention—Tribute to President McKinley—Country Prosperous Under Republican Rule—Wisconsin Committeemen—H. C. Payne Re-elected to Represent the Badger State—Convention News and Gossip.

Philadelphia, Pa., June 19.—[Special Telegram]—Today at noon, on the forty-fourth anniversary of the day on which Gen. John C. Fremont was nominated by the first republican convention held at Musical Fund hall, in this city, the National republican convention assembled in the great Export Exposition building in West Philadelphia.

Here, amid the swelling memories of half a century, and in the presence of men who saw the bloodstained clouds lie across the sunrise of the party, the republicans met in the high tide of their glory to name their national candidates and enunciate the platform for the coming campaign.

Although the work of the convention could be compassed within two days, the committee has arranged a three days' program with one session of the convention each day. The nights will be filled in with receptions, smokers, entertainments at the clubs and open air meetings.

Convention Called to Order.

The session of the convention today was brief. It was called to order by Chairman Hanna and Senator Wolcott, the brilliant Colorado orator, as temporary chairman, delivered his keynote address. A call of the roll and the announcement of the standing committees with the perfection of the permanent organization wound up the proceeding of the day.

Cheered Matt Quay.

The first enthusiasm displayed was when Quay appeared in the hall. The delegates were all seated and cheered the Pennsylvania.

Col. Dick, Comptroller Dawes, Senators Wolcott, Scott, Cullom, Burrows and a number of other prominent leaders including Fairbanks received enthusiastic applause as they came down the aisle that doubled when the New York delegation entered, headed by Dewey. Hanna appeared soon after twelve but as few delegates noticed his arrival there was scarcely a ripple.

At twelve twenty o'clock a photographer took a snap shot at the stage and fifteen minutes later after the band played Hanna rose, the audience following.

As the gavel fell the chairman shouted "The convention will come to order."

Hanna Makes a Speech.

Prayer was offered by Rev. Dr. Bolton of Philadelphia, who wore robes and spoke in a clear voice.

The reading of the call concluded Hanna began a speech, congratulating the representatives for meeting at Philadelphia, the cradle of liberty and the birthplace of the party.

Cheers greeted his reference to the prosperity of the country, but the volume was tremendous when Hanna said: "We are forming our battalions under the leadership of a great man, Major William McKinley." The cheering lasted several minutes.

Senator Wolcott's Address.

Senator Wolcott was received with a royal ovation from the delegates and the 15,000 spectators in attendance. He spoke in part as follows:

Since the first party convention in these United States, there was never one gathered together under such hopeful and auspicious circumstances as those which surround us today. United, proud of the achievements of the past four years, our country prosperous and happy, with nothing to regret and naught to make us ashamed, with a record of peace and clean, the republican party stands facing the dawn, confident that the ticket it shall present will command public approval, and that in the declaration of its principles and its purposes, it will voice the aspirations and hopes of the vast majority of American freemen.

Sends a Greeting to McKinley.

The first and pleasant duty of this great convention, as well as its instinctive impulse, is to send a message of affectionate greeting to our leader and our country's president, William McKinley. In all that pertains to our welfare in times of peace, his genius has directed us. He has shown us unerring mastery of the economic problems which confront us, and has guided us out of the slough of financial disaster, impaired credit and commercial stagnation up to the high and safe ground of national prosperity and financial stability. Through the delicate and trying events of the late war he stood firm, courageous and conservative, and under his leadership we have emerged triumphant, our national honor unimpaired, our credit unassailed, and the equal devotion of every section of our common country to the welfare of the republic cemented forever.

In Relation to Trusts.

Whenever a republican administration is in power there is constant talk of trusts. The reason isn't far to seek. Aggregations and combinations of capital find their only encouragement in prosperous days and widening commerce. Democratic administration in this country has universally meant industrial stagnation and commercial depression, when capital seeks a hiding place instead of investment. The republican party has always maintained that any combination having for its purpose the curbing of a market or the raising or controlling of the price of the necessities of life was unlawful and should be punished, and a commission appointed by the president under act of congress has made careful investigation and will soon present a full report of the best method of dealing with this intricate question. We shall meet it in one efficient way, and as a party, shall have the courage to protect every class of our citizens.

Blight of the Democracy.

Never since '64, when the voters of the country were called upon to determine whether the efforts of Abraham Lincoln to preserve the Union should be continued, or whether they should be abandoned and other measures attempted, have questions so vital been presented to the American people for settlement. Their decision must determine the maintenance or the degradation of both our national credit and our national honor. A Democratic President could paralyze the operation of the new currency law as effectively as if it were wiped from our statute books.

A Democratic victory would infuse new life into the Tugal insurance policy, cost the lives of thousands of our gallant army in the Philippines, impair or destroy our prestige, if not our power, in the islands, make us a byword among the great nations of the world, and obliterate our influence in the settlement of the vital questions certain to arise when China shall be opened to foreign commerce.

There is little room for fear. The farmer and the artisan in their day of prosperity still remember the impoverishment and blight of Democracy, and the Chicago platform has no allurements for them.

Deal Generously with Cuba.

We are dealing with Cuba in a spirit not only of fairness but of generosity and of absolute usefulness, and whenever the inhabitants of that island evince and declare their ability to take over its government and control, that day they shall receive it; and until then we shall continue to administer its affairs under a rule salutary and satisfactory to all good citizens in Cuba, and creditable to the administration at Washington, under whose orders the government is conducted.

Duty to Philippines.

We are actually owners of the Philippines by an undisputed and indubitable title. We are there for a necessary and logical outcome of our victory over Spain. There are upwards of a thousand islands sprinkled upon that Southern Sea, peopled by more than eighty tribes of differing race and language, and having absolutely nothing in common with each other. Most of these tribes welcome our coming and are grateful for our protection. The Tugal tribe, hostile not only to us but to most of the native tribes, are in insurrection against our authority. They have neither a government nor the capacity to conduct one, and are waging a predatory guerrilla warfare which would be turned against the other native tribes if we let them alone. What would the Democracy have us do? Give them up to rapine and bloodshed, and leave the islands as a flossam and jettison on the face of the water?

Dawn of a New Century.

We stand at the dawn of a new century. Before us shall have reached its meridian the youngest here will have passed beyond this life or beyond the sphere of usefulness. New recruits will step into the ranks as we fall out. This very year thousands of young men will for the first time exercise the right of citizenship and cast their ballots at the national election. The safety of this republic must ever rest in "the courage of young hearts and the vigor of noble manhood." Youth is buoyant and hopeful. No snarling criticism, or gospel of a little America, or prophecy of despair, will find response from hearts that beat full and strong with courage and with faith.

Never so Vigorous as Today.

Whatever else in the past has suffered change or decay, the republican party, which for forty years has been identified with everything noble and uplifting in our history, was never so vigorous as today. And the heritage we shall transmit to the new century, to the coming generation and to their children, and to their children's children, shall be a record clean and untarnished, an unquenchable faith in free institutions, an unalterable belief in the patriotism of the people, and an undying love of liberty and of country.

Enthusiasm for Taylor.

Senator Wolcott closed his speech at 2:10 o'clock. Taylor of Kentucky was recognized to make a motion and received tremendous enthusiasm.

Hanna Counts Roosevelt Out.

Philadelphia, June 19.—[Special Telegram]—"Roosevelt must be counted out of it now," said Hanna this morning. "His statement yesterday makes that tolerably certain, I think. I do not know who will be named."

ROUGH RIDERS BRIEF REFUSAL.

Touched By the Enthusiasm But He Cannot Accept.

Philadelphia, Pa., June 19.—Gov. Theodore Roosevelt has made as, specific a refusal of the nomination for vice president as he could possibly make in view of the fact that the nominating convention has not met and that few of the delegations have held caucuses.

Standing in a small room facing a crowd of newspaper men, he made the following statement, reading it from two sheets of manuscript:

"In view of the revival of the talk of myself as the vice presidential candidate I have this to say: It is impossible too deeply to express how touched I am by the attitude of those delegates who have wished me to take this nomination. Moreover, it is not necessary to say how thoroughly I understand the high honor and dignity of the office, an office so high and so honorable that it is well worthy the ambition of any man in the United States.

"But while I appreciate all this to the full, I nevertheless feel most deeply that the field of my best usefulness to the public and to the party is in New York state and that that party should see fit to renominate me for governor. I can in that position help the national ticket as in no other way. I very earnestly ask that every friend of mine in the convention respect my wish and my judgment in this matter."

WELL DEFINED ROOM FOR LONG.

Indications Are That He Will Be Selected If Roosevelt Is Dropped.

Philadelphia, Pa., June 19.—At the close of numerous sessions of leaders last night and this morning the situation is most complicated. Roosevelt is still the choice of the political workers, but since his last public utterance a tremendous pressure has been exerted to prevent his nomination. This is pushed by his personal friends and by the conservative supporters of the candidacy of Secretary Long.

The work that has been done in Long's interest is prodigious. It is said to be based somewhat upon the manifest desire of many of Roosevelt's friends in New York to respect the governor's

## M'KINLEY MAY CALL AN EXTRA SESSION.

Rumors at Washington That the President Will Take Radical Step in Chinese Crisis.

Washington, D. C., June 19.—[Special Telegram]—Persistent rumors are afloat that President McKinley has decided to call an extra session of Congress to deal with the Chinese situation.

It war exists in China, growing out of the destruction of the United States and other legations, it will be necessary to send more troops to China.

Owing to conditions in the Philippines no more troops can be withdrawn safely. Therefore it will require authority from Congress to furnish troops.

## GREAT FIRE AT BLOOMINGTON DESTROYS BUSINESS PORTION

Five Blocks Including the County Court House in Complete Ruins—Loss it is Estimated Will Reach Over \$2,000,000—Buildings Blown Up by Dynamite to Check the Flames—Strong Wind Prevailed—Only One Fatality.

Bloomington, Ill., June 19.—[Special Telegram]—Fire, which commenced at midnight in a mysterious manner in the Model laundry, destroyed five blocks in the business portion of this city including the county court house, and caused serious damage to several adjoining blocks.

The loss is estimated at two million dollars.

It was eight o'clock this morning before the flames were under control, the departments at Decatur, Springfield and Peoria assisting.

A boy was killed by a falling wall. Guests of the Windsor hotel escaped without fatalities.

In their efforts to stay the sweep of the flames the citizens blew up buildings with dynamite, but the strong wind aided materially in the destruction.

Starting in the Model laundry the following buildings were wiped out: Durley block, Green wholesale saddlery, Durley theatre, Greisham building, Cole building, Fahey building, Corn Belt bank, Redd's hardware, Odd Fellows block, Eagle block, Lindley livery, wishes. If this goes on as it was begun last night, the convention will turn from Roosevelt to Secretary Long. This, too, in spite of the unquestioned desire of delegates from the Middle West to have Roosevelt.

The delegates from west of the Mississippi, many of whom are here for Dilliver, have been kept from joining the Roosevelt movement, partly out of sympathy for his wishes, and partly from a desire to effect the nomination of a Western man. Whether they will take kindly to the Long movement remains to be seen. In any event the Long movement has gained many friends and his supporters are insisting that Roosevelt will not be nominated, and that Long will be the choice of the convention.

WISCONSIN IS FOR ROOSEVELT.

Delegation at Philadelphia adopts resolutions favoring him.

Philadelphia, Pa., June 19.—The Wisconsin delegation arrived at 8 o'clock last night. Their first choice for vice president is Theodore Roosevelt and their sentiment was expressed in the meeting of the delegation at the headquarters at 10:30 last night in a resolution offered by Delegate Theodore Bancroft of Richland Center and adopted by the delegation. The course to be pursued with respect to the presentation of Gov. Scofield's name as a candidate was not mentioned except by the reference of Mr. Bancroft that it was not a time to discuss the chances of the favorite sons. The delegation chose the following officials for the convention organization: Chairman of Delegation—Isaac Stephenson

## Report That Celestials Have Burned Down City of Tien Tsin.

### RELIEF EXPEDITION TO PEKING RETURNS

Allied Powers Carry the Taku Fortifications by Assault—Two British Vessels Reported to be Sunk—Nations Pouring Troops Into the Celestial Empire—Rumors Confirmed That Boxers Have Destroyed Embassies at Peking—Authorities at Washington to Send More Troops—Powers Have Asked to Send 20,000 Troops to Quell the Insurrection in China and the Mikado has Accepted the Task—Shanghai is in Danger.

Shanghai, June 19.—[Special Cablegram]—It is reported that Chinese soldiers have burned Tien Tsin. Yu Lit and Viceroy Chi-Lee have fled.

According to the latest report the Peking legations were attacked by Chinese Manchus. Two onslaughts were made by the mob but they were mowed down by machine guns. Many high officials were killed.

A number of Chinese cruisers are anchored here within range of the foreign settlement. One thousand Chinese soldiers and two forty nine ton guns are holding the forts outside of the town. The only protection afforded is a small Japanese gunboat. The Viceroy of Woosong says no attack on the town is contemplated.

Japan Asked to Send Troops.

Yokohama, June 19.—[Special Cablegram]—It is reported here that the powers have asked Japan to send 20,000 troops to China and that the Japanese government has consented.

It is reported that the Peking relief force has arrived outside of Peking, beginning the attack on the city on two sides and employing many guns. The Russian cavalry, it is said, did splendid services.

Washington, June 19.—[Special Telegram]—It is officially announced that the Oregon has been ordered to Taku.

DETAILS OF THE BATTLE AT TOKU.

Forts began firing in advance on orders from Peking.

London, June 19.—China declared war against the world when the Taku forts opened fire upon the international fleet. The accounts of what took place are still unsatisfactory, the best semi-official information being the dispatch received at Berlin from Chefoo.

Firing Ordered by Empress.

The Shanghai correspondent of the Daily Mail, telegraphing Monday, says: "The forts began firing in observance to orders from Peking, conveyed in a personal edict of the empress dowager by advice of Kank Yi, president of the ministry of war. Several warships were struck by shells from the twelve-inch guns of the forts. The heavy Russian losses were due to the blowing up of the magazine at Mandchur. Four hundred Chinese are reported to have been killed. The Chinese, when retreating, fell into the hands of the Russian land force."

The Daily News has the following from Chefoo: "Two of the forts were blown up. The thirty-two warships at Taku aggregated 200,000 tons and carried more than 300 guns."

Part at Peking Increases.

The failure of Admiral Seymour's column and its retreat to Tien-Tsin increase, it is presumed, the peril of the legations in Peking, which is still isolated, although Shanghai forwards Chinese rumors that the legations were attacked by mobs, who were mowed down by machine guns; also that the members of the legations were massacred and the buildings burned.

The situation at Nin-Chwang is reported critical. The British consul at Kin-Kwang has ordered all foreigners to leave Ku-Ling and Nau-King Chang.

Foreign troops ordered to China are as follows: American, one regiment; Russian, 40,000; French, 10,000; English, one regiment; German, 1,800. The powers' armies will number more than 50,000 men in all.

Russia has massed 40,000 men, with seven batteries, at Kiachta, with orders to proceed to Maimatchin, a Chinese town 750 miles northwest of Peking.

Informed at Washington.

Washington, June 19.—The navy department has been informed by Admiral Kempf that the Taku forts fired on the foreign ships and after a brief engagement surrendered. The British gunboat Algerine was badly damaged and two of her officers and four of her men wounded. A magazine was exploded in one of the forts by the fire from the war vessels. It is not known what the casualties among the Chinese defenders were. It is reported that Japan and Russia are landing large forces of troops.

The war department has received the following cablegram from General MacArthur at Manila, dated yesterday: "Ninth Infantry, Colonel Liscum, ordered to Taku on Logan; transportation Port Alber; probably start 24th; typhoon delays movement."

New York, June 19.—The Commercial Cable Company's central cable office of the Western Union Telegraph Company this morning issued the following notice: "Telegraphic communication with Taku and Tien-tsin has been re-established via the Siberian and Helampo route."

The Great Northern Telegraph Company has also issued a notice to the Commercial Cable company to the effect the lines to the far east are in order again.

Sima, June 19.—In consequence of the gravity of the Chinese situation the Seventh Bengal Infantry has been ordered to proceed to Hongkong, and more troops of the English army will be sent if necessity requires.

CHINA DEFIES THE WHOLE WORLD.

Hostilities Begun in Earnest by Taking of Forts at Taku.

London, June 19.—Hostilities have begun in earnest in China by the battle between the Chinese forts and the allied fleet at Taku. In the battle 21 Europeans were killed and 57 wounded. A Russian gunboat was blown up. The British gunboat Algerine and the German warship Itlis were badly damaged, two British merchant vessels sunk, two forts blown up, the rest captured at the point of the bayonet by landing parties, and several hundred Chinese soldiers killed.

China Defies the World.

No formal declaration of war has as yet been issued, but there now seems little doubt that China has decided to defy the world. Two important reports were contained in yesterday's dispatches, the taking of the Taku forts and the forced return of Admiral Seymour's mixed relief column to Tien Tsin. Both are fully confirmed, but as yet nothing is definitely known of the fate of the German minister, Baron von Ketteler, at Peking, nor what has really happened at the foreign legations in the Chinese capital, though late advices from Japanese sources declare that all the legation buildings in Peking have been captured by the Chinese.

Check to Admiral Seymour.

The return of Admiral Seymour's force to Tien Tsin—due largely to lack of food—is regarded as a humiliating check and one likely to encourage the Boxers to further harass the Europeans in Peking. The allied forces found the line out in front of them and were faced by 10,000 imperial troops, who are now regarded as Boxers pure and simple.

Then the line was cut behind them and the force could not get from Tien Tsin the supplies needed.

The retreat is not to be marveled at, being assuredly necessary, but in the eyes of the army and navy officials it amounts to a serious disaster.

British Ambassador May Be Prisoner.

Among the many unconfirmed and conflicting reports it is said that the British minister at Peking is captive in the hands of the Chinese; that the Boxers attacked the legation buildings, and though mowed down in great numbers by the machine guns manned by the marine guards, finally captured all the buildings; and that the Chinese government is believed to have repented having degraded the governor of Yulu and banished Tung Fa, permitting the rioting and the murder of the Japanese Chancellor.

## CLINTON.

Clinton, June 19.—The mid-night "flyer" on the Northwestern road which passed through here at 11:58 Saturday night left a man crushed and bleeding as it pulled out of this station for Janesville. A young fellow about twenty years of age who gave his name and address as Stanley Gates of 823 Dixon street, Chicago, in company with three or four others, was beating his way on the passenger to St. Paul. The boys all got off the train when it reached here, to avoid being discovered by the brakeman and then mounted the forward end of the mail car when it started. Gates while hanging onto the steps was struck by the platform of the freight depot and pushed under the wheels. It is a miracle that he was not instantly killed. His right foot was crushed and his leg badly bruised. Night Agent W. C. Bradley discovered the man and assisted him to Graber's barber shop where he spent the night. Dr. Jones was called and the injured man's wounds were dressed. He was sent to Chicago Sunday on the 7:40 p. m. train.

## REFUSES TO PRAY FOR QUEEN.

Dr. Murrman Resigns Montreal Pastorate Rather Than Do So.

Montreal, Que., June 19.—The Rev. Adam Murrman, pastor of Zion Congregational church, the leading Congregationalist church in Montreal, has resigned his pastorate because the deacons of the church wanted him to pray for Queen Victoria and the success of the British arms in South Africa.

Mr. Murrman, in a lengthy statement to the congregation, says:

"I am an American citizen who has come over here to do Christian work. Why do you become the enemies of this church because I don't pray for the queen at every service, when your own fellow citizens in the ministry, with whom you have no fault to find, fail to do so? I have also received several requests to 'pray for the success of British arms in South Africa.' I have steadfastly refused to do this. I have been advertised in Canadian papers as being pro-Boer in my sympathies, as having been born in the Transvaal, as refusing to pray for the soldiers. Not one of these statements is true." Dr. Murrman concluded by saying that he would never pray for the success of British arms.

## TESTS PATIENCE.

The Most Patient Janesville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itchiness of the skin. Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! With no relief. Just the same with Eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment.

Plenty of Proof that Doan's Ointment will cure Piles, Eczema or any itchiness of the skin.

Read the testimony of a Janesville citizen.

Mr. L. Lawrence, of 403 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itchiness of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

## TO THE MAN WHO THINKS.

LOOK yourself squarely in the face and see if you are not half ashamed to be without Ivory Soap in your house. Worse than this, your wife is without it. It is bad enough for a man, though a man often doesn't care how his comfort is mis-spelled. But a woman misses all these little helps to housekeeping. And Ivory Soap is one; its great potency makes it actually cheaper than yellow soap for general work. It floats.

## THE REPUBLICAN TICKET

For Member of Congress, 1st District:  
HENRY A. COOPER, of Racine.

Wisconsin Weather Forecast  
Fair tonight and Wednesday.

## THIS DAY IN HISTORY.

1786—Major General Nathaniel Granger, hero of the Revolutionary war, died at Mulberry Grove, Ga.

1794—Richard Henry Lee, president at one time of congress and the first to introduce resolutions for independence, died; born 1732. Lee vigorously defended the resolution against the stamp act introduced by Patrick Henry. He was a delegate to the Continental congress from Virginia in 1774 and a "signer" of the Declaration when prepared. He opposed the federal constitution, but served his state in the national senate after the constitution went into effect.

1804—Battle of the Horseshoe and Alabama off Cherbourg, France.

1807—Maximilian, titular emperor of Mexico, was shot at Queretaro by the republicans; born 1832. Maximilian was a brother of Emperor Francis Joseph of Austria. He had been deceived as to the real situation in Mexico, and on assuming the imperial dignity offered by a delegation of nobles found bitter opposition at the hands of the Liberals. He was taken prisoner after a sharp battle at Queretaro and executed in retaliation for his harsh decrees against Mexicans who resisted his authority. Zealous efforts were made by influential Europeans and Americans in Mexico to save the life of the hapless prince.

1836—Charles Augustus Holiart (Hobart Pasha), Turkish admiral and marshal, died at Milan.

1837—General Green P. Gardner, a veteran of the Mexican and civil wars, died in Chicago; born 1810.

## THE FIRST CONVENTION.

The republican national convention which met in Philadelphia today has been the means of inciting a good deal of misinformation regarding the earlier gatherings of the party.

"For example," says the St. Louis Globe Democrat, "some papers are saying that Fremont, the first presidential candidate nominated by the republican party, was selected in a convention held in Pittsburg in 1856, and that a convention took place shortly afterward in Philadelphia to ratify the candidacy. This is a mistake, however. There were national gatherings in Pittsburg and in Philadelphia in 1856, but their purpose was different from that mentioned here."

"January 17, 1856, a call was issued by the chairman of the Republican State Committees of Maine, Vermont, Massachusetts, New York, Pennsylvania, Ohio, Michigan, Indiana and Wisconsin, inviting the Republicans of the Union to meet in informal convention at Pittsburg, on the 22d of February, 1856, for the purpose of perfecting the national organization, and providing for a national delegate convention of the Republican party, at some subsequent day, to nominate candidates for the presidency and vice presidency, to be supported at the election in November, 1856." This is the precise language of the call.

"At the Pittsburg gathering of February 22-23, 1856, which was participated in by a large number of the leading spirits of the new party, including Greeley, Giddings, Wilmot (whose slavery anti-extension proviso of 1846 formed the basis of the party's creed), George W. Julian, Owen Lovejoy, Edwin D. Morgan, Francis P. Blair, John A. King and many others, a national committee was formed which, on March 29, called a delegate convention to meet in Philadelphia (the seat of government at the time the Declaration of Independence was adopted), on June 17 (the anniversary of Bunker Hill), and at that city, in the convention which opened on that day, the national ticket of 1856—Fremont and Dayton—the republican party's first nominees for president and vice president, respectively, were put up. The conference of republican leaders and workers which met in Pittsburg on Washington's birthday of 1856 created the national framework of the republican party. The delegate convention which assembled in the old cradle of independence on Bunker Hill day of that year selected the republican party's first national ticket."

The Green county convention to elect delegates to the republican state convention will be held on July 14, the caucuses to be held July 13. The convention to be held July 14 is only for the purpose of electing delegates to the state convention and not for the purpose of nominating county officers, which convention will be held, in all probability, some time in September.

Had not a certain prominent and influential democrat refused to be a candidate for delegate to the democratic state convention, the Hon. Cornelius Buckley would not have seen clear sailing. But p. and i. d. refused to mix, so the Beloit man didn't have to do battle with the stalwarts.

Beloit Free Press.—Mr. Wall admits that his re-election as national committeeman is "improbable." Mr. Buckley, ex-Congressman Babbitt and other Rock county original free silver democrats can now lean backwards when they walk.

None of the Chicago papers, however, are publishing two column articles

descriptive of Janesville's splendid police system, and so far as it is known, no town in the United States is contemplating following Janesville's example in this department.

The Janesville Gazette says "the plug hat is still the emblem of democracy pure and undefiled." Now, why should the shaly silk be alone ascribed democratic—Racine Journal.

Because the Hon. Cornelius Buckley of Beloit, democratic boss of Rock county, wears one, Mr. Journal, and by that talisman—probably—was able to clean out all "the Janesville boys" who were ordinary headgear. If not the plug hat, forsooth, what?

The vice presidential boom of the Hon. Cornelius Buckley appears to have also exploded, and the pieces struck the earth with a d. s. t., plug hat and all. Too bad, too bad!

"If we are to go ahead," says one of Janesville's wealthiest and most public spirited business men "we must have everything that other towns have." Well said. Forward!

Janesville may well be proud of the high school and its work. People are also judged by the school house they build, as well as "by the company they keep."

No man ever declined a vice presidential nomination that was unanimously tendered, and we do not believe any man ever will.

Janesville will not only celebrate the Fourth, but with a celebration that will be celebrated. Are you doing your share?

Again is Mr. Bryan becoming acquainted with the fact that Wisconsin fish refuse to bite a silver hook.

Today, at Philadelphia.

## Sea Shells for Slippery Streets.

The board of works for the district of St. Giles, London, instead of using sand and fine gravel to sprinkle asphalt pavements, when they are wet and slippery for horses, all of which are smooth shod in London, as in Paris, scatters small sea shells, which are kept in bins here and there along the curb stones. These seem to be an excellent substitute for gravel.

## HOW TO WIN IN CHINA.

Interesting Talk From Minister  
Wu Ting Fang.

## HINTS FOR AMERICAN CONSULS.

Famous Celestial Claims They Ought  
to Be Peculiarly Fitted For Their  
Work, Therefore He Believes the  
Chinese Language Should Be  
Taught in American Universities.

Minister Wu Ting Fang in Ainslie's  
for June writes a very interesting article  
on American trade chances in China  
and how they are to be developed.  
He says in part: "It is of the greatest  
importance that America should sustain  
the friendliest relations with China  
and the Chinese people. There is an  
opportunity to develop the consular  
service. Thus far the American diplomatic  
and consular offices in China  
have done wonderfully well, although  
they have labored under disadvantages.  
The men who go to China as  
consuls ought to be peculiarly fitted for  
their work. It would help them a good  
deal if they were able to understand  
something of the language of the people.  
It is not right that American consuls  
be compelled to employ Chinese interpreters,  
as is now the case. They  
ought to have their own men, people of  
their own nation. It would be to their  
interest. The American consular service  
now does not hold out sufficient inducements  
for the right kind of men in China.  
Americans ought to be encouraged  
to enter the service and, having  
entered, to remain there."

"It requires a peculiar kind of men to  
succeed. Young men ought to be sent  
to China who would like to learn the  
language and who could look forward  
to a long period of service after they  
had once fitted themselves for it. In  
England, at Oxford and Cambridge,  
they have Chinese professors to give  
elementary training. Young men go  
out from there into the consular, diplomatic  
or merchant service, and what  
they have learned at the universities  
they supplement in the service. They  
have enthusiasm because they realize  
that if they do good work they can find  
for themselves a career. I appreciate  
the fact that this is a democratic form  
of government and that it may not be  
easy to bring about the change which I  
suggest. It is difficult to secure the  
necessary legislation, but I am sure  
that in view of the constantly increasing  
importance of the American commercial  
and political position in China  
it would be of inestimable advantage if  
the consular service there could be  
marked by permanency of tenure and  
adequacy of training. Merit should be  
rewarded by promotion, as is the rule  
now with most of the European governments  
which send young men to the east  
to learn the language and study  
the customs of the country."

"The English speaking people have a  
great advantage in China now because  
their language is popular in Asia and  
because it is more commonly used than  
any other foreign tongue. It is a pity  
that this advantage cannot be followed  
up by making the language still more  
adaptable to the needs of the natives  
of the country. The present popularity is  
due to circumstances. The English  
controlled India. Their language was  
spoken there and small the British colonies,  
and when the English found their  
way into China ahead of other European  
nations they brought their language  
with them. But it is not an easy  
tongue to learn. The Chinese people  
are not slow in learning, but it does not  
seem right that unnecessary obstacles  
should be placed in their path."

"I am not partial to the English language,  
but it has evidently come to stay,  
and it may already be called the  
commercial language of the orient. In  
all the treaty ports and important centers  
of the east it holds a place in the  
school and the counting house which  
no other language can claim. It is  
spoken in the streets of Shanghai, it is  
taught in the schools of Yokohama,  
and it has obtained such a vogue that  
merchants of all other nations resident  
in the east make use of it in their business  
and in their families. If there is to  
be an international language, it will  
be English, and therefore I say it ought  
to be improved upon so as to facilitate  
the learning of it and make it easier  
for those who are not English born."

"A whole language cannot be suddenly  
reformed. Changes must be a matter  
of slow growth. But there is one  
respect in which improvement can be  
made without doing violence to the idiom  
or the construction. This is in  
spelling. If a phonetic spelling were  
to be adopted, it would be a blessing to  
those of us with whom English has not  
become a habit and who find ourselves  
continually tripping and stumbling  
over the words which do not sound as  
they appear to the eye, and it would be  
worth a little trouble for the people of  
the United States to make the change.  
Americans, I find, accomplish many results  
by meeting together and discussing  
questions. Why would it not be  
possible to hold a great convention the  
object of which should be to bring the  
spelling of the English language more  
closely in conformity with its sound?"

**Ivory Cheaper.**  
There is exhilarating news for the  
lovers of luxury. For years the price  
of ivory has been going up, so that  
manufacturers of knife handles and all  
sorts of goods for which at one time  
ivory was used have had to invent  
more or less effective substitutes. British  
buyers, however, who attended the  
quarterly sales at Antwerp, which finished  
the other day, found that ivory  
suitable for the cutlery trade was to be  
bought at £1 to £2 less money than a  
year ago, supplies being rather heavier,  
says the London Leader. Retail prices,  
however, will not drop at present.

**Second and Last Auction Sale of Forest Park Lots!**  
**Thursday, June 21, at 2:00 P. M.**

**FREE TICKETS**

from Grand Hotel, People's Drug Store and Myers House to the Eastern end of the Forest Park line and return will be given to all who desire to visit Forest Park, from Saturday noon, June 16th, to 4:00 p. m., Thursday, June 21st.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J. M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; James McKewan and W. W. Watt. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on Thursday, June 21, at 2 o'clock P. M. They are described as follows, to-wit:

- Lot 11, Block 1, Jefferson ave., is a very fine lot facing the east and is the third lot north of Norcross street.
- Lot 6, Block 3, is on the east side of the boulevard, just north of and adjoining Mr. Witherell's fine residence.
- Lot 4, Block 6, has the least value of any lot named in this list; it fronts Garfield ave., and is north of the Holdredge property; it is however, a very pretty lot.
- Lots 2, 3 and 4, Block 5, front west on Garfield ave., and are very fine lots; very near to the city. Across the ravine and east of Arthur Harris' elegant home.
- Lots 1, 2, 3, 4 and 5, Block 10, are beautiful lots, 8 rods front; 10 to 12 rods deep, plenty of good oak trees; near the street car line and facing east on the boulevard.
- Lots 1, 2, 3, 6, 7 and 8, sub-div. Block 2, are in the southerly part of the Park—three of them face Bostwick ave., and Grace Court and the other three face South on Racine street.
- Lots 2, 3, 4, 5 and 6, sub-div. Block 1, are between Bostwick ave. on the east and the Blvd. on the west. They are 80 ft. wide, except lot 6, which is 4 rods wide on the Boulevard. They are from 165 ft. to 180 ft. long and have a front on Bostwick ave. of from 53½ ft. to 66 ft. 3 inches on Bostwick ave., with plenty of good trees. Two of these lots would make a real homestead, away from the noise and dust of the railroads and shops—a splendid place for children.
- Lots 11 and 12 on Block 11, are south of Alderman Gilkey's homestead, and east of Wallace Carrier's fine lots. They are on the corner of Wells St. & Garfield ave. These lots will be sold at the buyers' price, and will prove an excellent investment.

Each lot for sale has a red tag, giving number of lot.  
**Every Lot will be sold to the highest bidder** and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices.  
**TERMS:** 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.
